I hereby certify that this paper is being transmitted electronically to the U.S. Patent and Trademark Office on

March 13, 2006By: Robert A. Kalinsky

Name: Robert A. Kalinsky

DECLARATION UNDER 37 C.F.R. § 1.132

Mail Stop Amendment
Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

I, Michael E. D. Winser, do declare and say as follows:

1. I am the inventor of the subject matter recited in the claims of the present application (U.S. Patent Application Serial No. 09/315,334).
2. I have reviewed an Office Action dated September 28, 2005 relating to the present application. My understanding is that the Examiner has cited Wallent, Michael, "Be More Dynamic," <<http://msdn.microsoft.com/library/default.asp?URL=/library/en-us/dndude/html/dude061198.asp>> (the "Wallent Article") against the present application under 35 U.S.C. § 102(a). I have further read the Wallent Article.
3. The Wallent Article describes subject matter of which I conceived. The Wallent Article therefore describes my own work, and I cooperated with Michael Wallent to assist him in drafting the Wallent Article about my own work.
4. The Wallent Article lists Michael Wallent as the author of the article. While Michael Wallent is the author of the Wallent Article, Michael Wallent did not participate in the

conception of the subject matter described in the Wallent Article, which is also the subject matter recited in the claims of the present application.

5. Michael Wallent is therefore not an inventor of the subject matter recited in the claims of the present application.

6. I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true, and the like are punishable by fine or imprisonment, or both, under section 1001 of Title 18 of the United States Code, and that such willful false statements may jeopardize the validity of this application or any patent issuing thereon.

Date: March 9th 2006

Michael F. D. Winsor
